# *The* Chosen Ones *bull sale*

*Welcome,* Each year we challenge ourselves to do better. We push our cows to achieve greater calving ease, consistency and performance. We have been working hard to “STAMP” our Maines just a little different. Big, deep and soggy, small clean heads and large scrotals. We travel far and wide to find the right kind of herd sires to produce what we do. Great dispositions and excellent hair. We feed our bulls in large big open pens for longevity. These bulls will leave our place ready to go to work for you. All of our bulls have been tested TH/PHA free. This year for the first time you will find our bulls Homo/Hetero polled tested.

*Why Maine Anjou? .....We ask Why Not?*

*The Chosen Ones Private Treaty Bull Offering*

# *The* Chosen Ones *bull sale*

## *Elite Yearling Bulls*

We don't offer them to you..... if we wouldn't use them in our own herd.

*Bulls are sold private treaty on a first come first serve basis.*

The early bird..... gets the bull.

Don't miss out, book your visit to view the bulls today!

Our bulls have worked in the ring, now let them work in your herd.

All bulls have been developed at Dun Rite Stock an Stables Inc. on a practical forage and distillers grain ration, for superior longevity and fertility. Each bull will be semen checked and inspected by a veterinarian before delivery is made to purchaser. Bulls can be boarded at DRSS until April 15th of the calendar year free of charge.

Arrangements for longer stays can be arranged on an individual basis.

### Herd Health Includes

- Bovi Shield Gold One Shot
- Vision 8 with somnus
- Novomection

# Reference Sires

## Yardley Big Step

3/4 Polled MAINE ANJOU

Big Step was described in the 2015 Yardley sale notes as having the necessary characteristics to not only change your herd but to change the entire Maine Anjou breed. We truly believe the Yardley family has raised an exceptional individual and one we are proud to own.

Big Step had the second highest yearling weight in the Yardley Cattle Co 2015 bull sale of all breeds (Simmental, Angus and Maine Anjou)

BW:96 lbs WW:787 lbs YW: 1517 lbs Scrotal 40cm

## DRSS The Immigrant

3/8 Polled MAINE ANJOU

The Immigrant is out of the phenomenal female Miss Yardley T42 that we purchased from the Yardley family in their 2013 Focus on the Female sale. T42 has become the cornerstone of our flush program.

*Future Herd Sire Alert!* We wanted to make sure DRAS 160D was part of our tie up pen from day 1. A son of our exciting herdsire Yardley Big Step 382B and off of one of the most influential females in our program Miss Annie 127K. At the age of 16, 127K's feet and udder were as picture perfect as you could ask for. 127K is single handily responsible for as much as 1/3 of the females in our herd today. Yardley Big Step came through putting a stamp on all of his calves. Calving ease, consistency, performance. DRAS 160D is really coming into his own. Big, deep and soggy.

*Sir Pablo* has been a crowd favorite since he first went to town last fall. Off of just a second calver his performance and mass is amazing. These Comfort Zone calves are born small and flat sided. We use Comfort Zone mostly on first and second calvers. Then one day they take off and never look back. Just like his maternal grand sire Sir Pablo 40D is super long sided. We love the muscle pattern on this bull. If you want to put some shape and style into your calves look no further.

*The Immigrant* is the perfect combination of style and performance. We love the length of body combined with his expressiveness of muscle. Clean fronted, smooth shouldered and a perfect head. Have a good long look here. You don't find to many like him.

*DRSS 146D* is another great Big Step son. This March 17<sup>th</sup> calf shot off right from day one. He produced the heaviest weaning weight in the pen and boasts the heaviest current weight. His dam Miss Nancy89X has produced our top bull calf the last 4 years in a row. We have sold 4 maternal brothers off of 89X. No matter how we breed her she gets the job done. She has been a can't miss producer for us. We feel 146D is no exception. Calving ease combined with performance. 146D did test hetero polled which was surprising to us because she has never produced a calf that has even showed a tick of a scur. But that's why we test.

*DRSS 144D* is another great Immigrant son. This high Maine calf is a meat machine. His dam was our pick of heifers from Rapid Creek Ranch back when we first started running cows. His dam has a picture perfect udder. The front end in this bull is exceptional. The muscle shape and expression is top notch.

*DRSS 142D* is a super smooth, athletic, structurally sound great Immigrant son. Deep sided, tiny head and big scrotal. 142D's dam is a picture perfect female with a great udder and feet. She is a daughter of the Miss Annie 127K cow we talked so heavily about in the DRSS 160D footnotes. A maternal brother to this bull sold to Frankie Machado of Lincoln California.
